

# INTRODUCTION TO HTML

<b>Name:</b>	Joss Miguel Yap	<b>Date:</b>	03/02/2022
<b>Program:</b>	CPE	<b>Section:</b>	A361

## Intended Learning Outcomes:

1. Create an HTML file.
2. Give examples of HTML5 tags.
3. Compose HTML5 code that can create images, links, media, and tables.

Create a simple HTML webpage with the following:

1. doctype
2. head
3. title – My First HTML Webpage
4. body
  - nav – Add four links, they can go to anywhere you like or nowhere at all.
  - section – Favorite Foods (with images)
  - section – Achievements (include progress bars to signify status of achievement)
  - section – More About Me (description about yourself)
5. footer – This should contain the following:
  - Laboratory Task 1 – Introduction to HTML
  - CPE107L Software Design Laboratory

Checklist for grading:

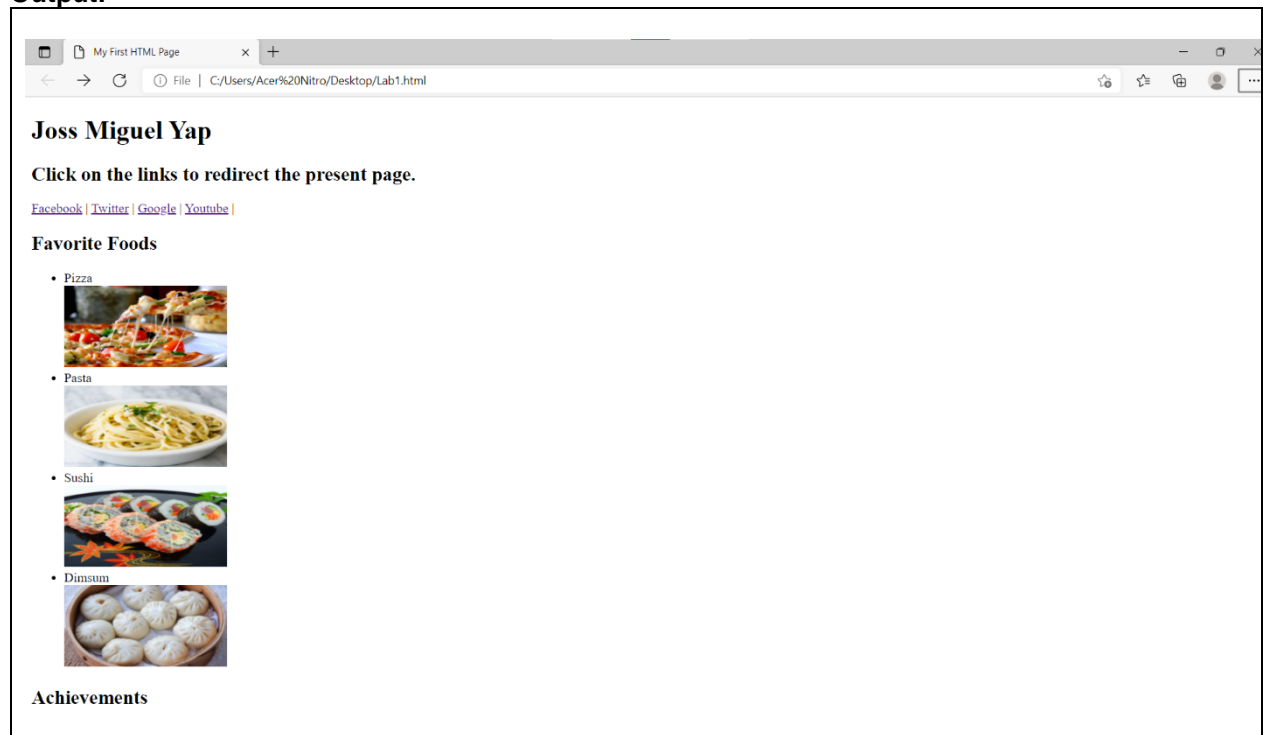

1. Is the doctype included correctly? (<!DOCTYPE html>)
2. Is there a head tag with a title for the page?
3. Is there a body tag?
4. Is there a nav tag with four anchor tags inside?
5. Is the Favorite Foods section complete with an h2 heading and four unordered list items?
6. Is the Achievements section complete with an h2 heading and three progress bars?
7. Is the More About Me section complete with an h2 heading and a details and summary tag?

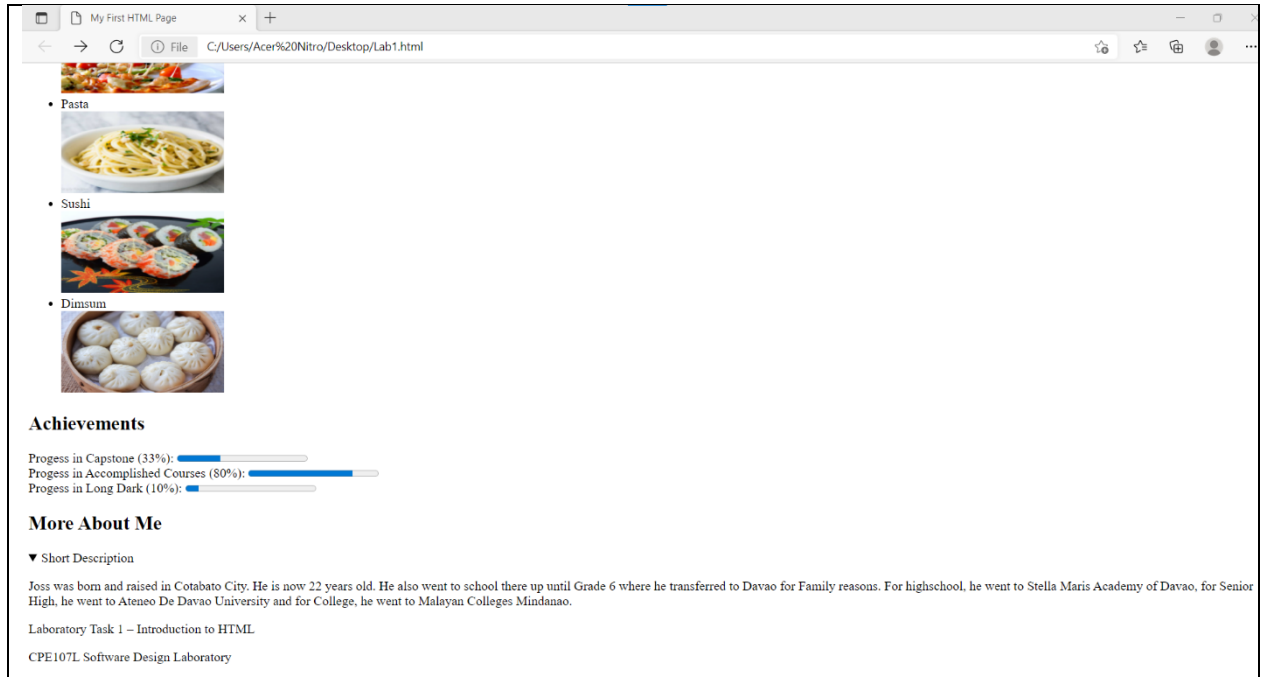

## Source Code:

```
<!DOCTYPE html>
<html>
<head>
<title>My First HTML Page</title>
</head>
<body>
<h1>Joss Miguel Yap</h1>
<h2>Click on the links to redirect the present page.</h2>
<nav>
  <a href="https://www.facebook.com/">Facebook</a> |
  <a href="https://www.twitter.com/">Twitter</a> |
  <a href="https://www.google.com/">Google</a> |
  <a href="https://www.youtube.com/">Youtube</a> |
</nav>
<h2>Favorite Foods</h2>
<ul>
  <li>Pizza</li>
    
  <li>Pasta</li>
    
  <li>Sushi</li>
    
  <li>Dimsum</li>
    
</ul>
<h2>Achievements</h2>
```

```
<label for="file">Progress in Capstone (33%):</label>
  <progress id="file" value="33" max="100"> 33% </progress><br>
<label for="file">Progress in Accomplished Courses (80%):</label>
  <progress id="file" value="80" max="100"> 80% </progress><br>
<label for="file">Progress in Long Dark (10%):</label>
  <progress id="file" value="10" max="100"> 10% </progress><br>
<h2>More About Me</h2>
<details>
  <summary>Short Description</summary>
  <p>Joss was born and raised in Cotabato City. He is now 22 years old. He also
went to school there up until Grade 6 where he transferred to Davao for Family
reasons. For highschool, he went to Stella Maris Academy of Davao, for Senior High,
he went to Ateneo De Davao University and for College, he went to Malayan Colleges
Mindanao. </p>
</details>
<footer>
  <p>Laboratory Task 1 - Introduction to HTML</p>
  <p>CPE107L Software Design Laboratory</p>
</footer>
</body>
</html>
```

**Output:**

### Findings and Observations:

**I was able to learn and understand how HTML works especially the initial “<!DOCTYPE html>” which indicates that the current language used is the html.**
